## **JOHN HICKS, 1943-2013**

*RPC founding president a Hudson Valley political institution*

The staff of Red Pillar Consulting announces, with great sadness, the passing of our close friend and founding President and CEO, John Hicks.

John was a fixture in Hudson Valley politics for decades, and was a driving force behind the successful elections of numerous local and regional politicians before joining with three former campaign co-staffers to form RPC.

The principals of RPC will vote at a later date to decide on John's successor as President and CEO. Our hearts go out to John's wife Judy and their five children; we will miss our friend deeply, and will honor his memory by continuing the good work he inspired us to pursue.
